AID WAR STRICKEN

PRESBYTERIANS MOVE TO AID EUROPEAN POOR.

ACCEPT ANY DONATION

Church Leader Offers to Double the Amount Raised—Auxiliaries Co-Operate.

The mightiest and most awful of all wars in history now wages through out Europe, and the cry of help which is flung across the Atlantic and half of this continent by the needy there, is a far flung one but the Presbyterians of Maryville have harkened unto the appeal. A campaign to raise a fund for the relief of the poor children especially of those countries, was begun by the Sunday school of the First Presbyterian Church, Sunday. It will continue the remainder of the month.

As an incentive for as large a donation from here as possible, Joseph Jackson, a prime mover in that denomination, has offered to duplicate any amount the church and the Sunday school might raise. This is expected to result in others coming to the fore and offering their able assistance.

Auxiliaries Aid.

The Westminster Guild and other auxiliaries of the church, have enlisted into the cause. The Westminster Guild will take up the proposition at a meeting tonight. Contributions to the fund will be taken at both the Sunday school and the church services at the Presbyterian church next Sunday morning.

Any amount whatsoever will be acceptable, even though it be but a penny. The fund will be sent probably about October 28 to the Chicago Herald, where the money will be converted into clothing, toys and food which will be sent in a "Christmas Ship" from Brooklyn, November 10, for Europe. The Herald, which instituted the movement is receiving answers from all over the country.

Clothing, Food and Toys Accepted.

Contributions, either of money, toys new clothing or foods, will be accepted and forwarded to Europe. The movement is not confined to the Presbyterian church but is a humanitarian idea which merely originated here in that church. Anyone may contribute and receive credit through the columns of the Democrat-Forum. The donations may be sent to either George H. Colbert, superintendent of the Presbyterian church, or the Democrat-Forum. Credit will be given and the gift taken care of until the shipment is made.

By way of explanation, the Herald has sent the following advice concerning the gifts needed:

Money—Cash donations will be acknowledged, both personally and by publication. The fund so created will be used to purchase gifts most suitable to the needs of the children for whom they are intended.

Toys—New playthings of all kinds.

Clothing—Anything that will add to the comfort or happiness of children.

Do not send old or cast-off clothing. Blankets and other articles of utility and value.

Foods—Canned goods, dried fruits, dried beef, hams, bacon, etc., of imperishable variety.

Red Cross Appeals.

An appeal for funds for use in the European battle field hospitals also is being made by the American Red Cross Society. A chapter has been established in Kansas City for taking care of any contributions that may be made from this part of Missouri. They may be sent to W. T. Kemper, president of the Commerce Trust Company of Kans as City, who also is treasurer of the Red Cross chapter.

Duncan, left yesterday afternoon for Tulsa, Okla., to visit Mrs. Dooley's sister, Mrs. A. L. Wait, and family. They were accompanied by little Catherine Wait, who has been spending several months with her grandparents.

LONGS FOR FRIED CHICKEN

Homer Croy Would Pass Up Asiatic Dishes for Missouri Product.

In a letter to the Kansas City Star from Singapore, Asia, Homer Croy of Maryville, who is touring the globe just at present, tells of a few things he has observed in Asia, and expresses his desire for a fried Maryville chicken. He says: "You needn't be ashamed of not knowing where Singapore is; I didn't either till I got down here. It's in the Malay straits. That doesn't help much, either, but that is a part of India. I am now within three street car fares of the equator. Think of hovering around the equator in July. If I should suddenly pop up in Kansas City my knees would knock. My blood's as thin as oyster soup at a Liberty lawn supper. The perspiration has formed a gully down the Independence side of my spinal column. It's certainly trying on fleshy people.

I'm right near Borneo—it's just over by Iola. I think I'll run over and see the wild men. I imagine they are about as wild as a hand raised Jersey calf.

I was perfectly willing to leave China. When I used to hear about them eating rats I didn't believe it, but when I got out here I found that it was actually true. There was so much of it in Hongkong that they had to pass a law making it a fine of ten dollars for every person caught cooking rats. No, I am not eating any fried meat.

Gracious, but I would like to have a Missouri fried chicken. I'd just like to go off and be alone with it for a while. Do you know, I haven't had one since I left Maryville? It's been so long since I saw one that I wouldn't know how to act in the presence of a large, well matured fried chicken. And if I just had some fried mush in the other hand I'd tell them to take their harps and golden streets and go on—I was happy enough the way it was. I can perform better on a fried chicken than on a harp anyway.

Singapore is just half way on a trip around the world. I'll be a happy individual when I get back and get the third button of my vest up against my father's mahogany. And if anybody passes me rice I'll hit him with a chair leg!"

TO HOLD CONVENTION.

Annual Meeting of Women's Relief Corps in Maryville Next Week.

The annual department convention of the Women's Relief Corps will be held in this city Wednesday and Thursday of next week. The local corps has made all plans for entertaining their guests who will be delegates and visitors from the northwest Missouri district.

The convention will open with a reception on Wednesday night, which will be a social affair in honor of the delegates. Thursday will be devoted entirely to the business of the organization. All the meetings will be held in the Odd Fellows hall. About thirty-five delegates and as many visitors are expected.

HANDLE MANY PARCELS.

Receive and Mail Over 3,000 Packages at Postoffice for Fifteen Days.

According to a count of the parcel post packages at the postoffice for a period from October 1 to 15 there were 3,076 parcels handled. There were 2,254 packages received from other offices for delivery at this office, and there were 22 packages mailed at the office for local delivery. There were 800 packages sent out from this office to other offices.

Rogers Will Recover.

Lester Rogers, a son of Lewis E. Rogers, living northwest of this city, who was injured Friday at St. Joseph, will recover unless complications result, according to Rogers' attending physician at Ensworth hospital, where he was removed. He is conscious all the time now and eats rather heartily, it is said.

Mrs. Bert Evans, an aunt to Rogers, returned from St. Joseph yesterday, after visiting him in the hospital. She said he appeared to be greatly improvel.

Gives Corn to Exhibitors.

A Ross Hill of the Hilltop farm, near Guilford, presented each exhibitor at the agricultural and domestic science show last week with a package of seed corn of his famous Ornamental Ribbon variety. It is a yellow, small grained variety. The aggregate gifts amounted to several bushels.

Jacob Weddle and Dr. Peters of Whitesville have returned to their home after a short visit in Maryville with A. D. Saunders and family.

LAUNCH CAMPAIGN

ENTHUSIASTIC CROWDS USHER IN DEMOCRATIC RALLIES.

FOUR MEETINGS TONIGHT

Visit Quitman and Plum Grove, Davis and Singrey Schools Next—Postpone Hopkins Meeting.

Democratic Meets.

The following political speakings will be held over Nodaway county tonight. Each begins at 7:30 o'clock. The places and speakers are:

Tonight:

Plum Grove school, William G. Sawyers and Dan R. Baker.

Davis school, W. A. Blagg and Jesse F. Robertson.

Singrey school, Ellis G. Cook and M. E. Ford.

Quitman, John M. Dawson and Charles F. McCaffrey.

Tomorrow night:

Clyde, John M. Dawson and Jesse F. Robertson.

Clearmont, William G. Sawyers and Charles F. McCaffrey.

Elmo, L. C. Cook and W. A. Blagg.

The Democratic campaign in Nodaway county was formally launched last night at three different places, and will continue nightly until the general election, November 3, two weeks hence. Each of the six speakers, all local, last night were greeted with a rousing welcome by the farmer folk who had gathered to hear the exponents of Democracy.

Each speaker was roundly applauded through his address.

A meeting planned at Hopkins tomorrow night has been postponed on account of failure to obtain a meeting place. The hall in which it was intended to hold the rally has been engaged that night for other uses. Hopkins, however, will be visited by the local speakers some time later in the week, Ellis G. Cook, one of the speakers, said this morning.

Many Republicans and Progressives were noticed in the audiences last night, it is said, several of whom warmly applauded the Democratic speakers. Whether it was an indication of their jump to the Democratic party or just a good, neighborly act was unsolved.

W. G. Sawyers and Dan R. Baker spoke at the Lafayette school house last night, while Ellis G. Cook, M. E. Ford and Jesse F. Robertson spoke at the North Prairie school house. It was originally planned to hold this meeting at the High Prairie school. Charles F. McCaffrey alone addressed a large crowd at the Brush Africa school house.

WEALTHY FARMER DIES.

John Caldwell Succumbs—Funeral at Clearmont Home Thursday.

John Caldwell, aged 54, a wealthy farmer living south of Clearmont, died last night at the family home, his death following an illness of about five weeks.

The funeral services will be held at the home at 2 o'clock Thursday afternoon and interment will be in Clearmont cemetery.

Mr. Caldwell came to Nodaway county from Ohio a number of years ago. He took up a large tract of farm land south of Clearmont, and since then has added to his acreage until he has one of the finest and best stocked farms in this part of the state.

He is survived by his wife, who was, before her marriage, Miss Viola Clark of St. Joseph, and six children. The children are Mrs. Letitia Gettings of Sumner, Mo.; Mrs. Ned Garrett, John, Jane, Elizabeth and Clark, all living at home. His mother, Mrs. Martha Caldwell of Chillicothe, O., came to Clearmont some time ago on account of her son's illness, bringing with her the daughter, Jane, who had been making her home in Ohio for a few years. Mr. Caldwell is also survived by a brother, Charles Caldwell of Burlington Junction, and a sister living in Ohio.

May Undergo Operation.

Benjamin Rice, living three miles east of Maryville, left this afternoon for Rochester, Minn., where he will consult medical authorities relative to undergoing an operation for a complication of diseases.

CLOSE CONFERENCE

MISSIONARY SOCIETY ADJOURNS TWO DAYS SESSION.

NURSERY HEAD SPEAKS

Miss Rose Brandon of Wesley House, St. Joseph, Addresses South Methodist Delegates.

The two days session of the conference of the Women's Missionary society of the St. Joseph district, held at the Buchanan Street Methodist church, closed this afternoon.

Miss Rose Brandon, deaconess of Wesley House, St. Joseph, gave a talk at the meeting this morning which was one of the most interesting features of the program. Wesley House is a day nursery, maintained for the benefit of working women who, by having their children cared for during the day, are allowed to work, unfettered by family cares. Miss Brandon gave the history of Wesley House since its founding, and told interestingly of its present work.

The address last night by Mrs. J. C. Handy of Fulton was exceptionally fine and was heard by a large crowd. This afternoon's program was devoted to the work of the young people's societies. Mrs. F. P. Robinson gave a solo, and the closing talk was made by Mrs. E. B. Sheldon, who is superintendent of publicity, mission and Bible study of the state conference.

The delegates attending are Mrs. J. C. Handy of Fulton, Miss Nannie Davis, Miss Rose Brandon, Mrs. S. W. Cann, Mrs. J. W. Thompson, Mrs. L. W. Smith, Mrs. Robert Charlton, Mrs. George Eleringer, Miss Mattie Biorn, Mrs. A. H. Baker, Mrs. J. W. Scott, Mrs. Mattie Hurst, Mrs. Edith R. Crow, Mrs. C. L. Kemper and Mrs. B. P. Taylor, all of St. Joseph; Mrs. Lucy Wheeler of Agency, Mrs. Walter B. Wells and Mrs. A. M. Bedford of Savannah.

ONE OF ALASKA'S FRIENDS.

Congressman Booher's Good Work Commended by the Leading Paper of Alaska.

That Congressman Charles F. Booher of this district, in addition to attending to every detail of the work of his district, has made a reputation in congress that is more than state-wide, and is now recognized as one of the able men of the nation is exemplified by the following editorial taken from the Daily Alaskan of Cordova, Alaska, the leading paper of our northwest possession, which, in its issue of September 22 last, says:

"One of the strong representatives in congress who is always on the alert to assist the passage of deserving and remedial legislation for Alaska is Judge Charles F. Booher of Savannah, Mo. He is affiliated with the national party that has already done so much to give hope and encouragement to the impoverished people of Alaska. Judge Booher was an active advocate for the passage of a coal leasing bill for Alaska, and has given evidence that he is at all times prepared to assist President Wilson, the great liberator of Alaska, in striking off the shackles that for so many years have prevented the development of one of Uncle Sam's richest domains. The clear sight of the present administration, strengthened by the energy and ability of such men as Judge Booher presage for Alaska the dawn of prosperity, growth and contentment in the large territory that has been so long neglected."

Suffragette Speaks at Court House Tonight—Normal Afternoon.

Miss Lavina Engle of the speakers' bureau of the National Equal Suffrage association will speak in the circuit court room of the court house here at 7.30 o'clock tomorrow night, and probably in the Northwest Normal auditorium at 3 o'clock tomorrow afternoon. She comes here from Savannah, where she is slated to speak tonight. She goes from here to Albany Thursday.

If it is possible, Miss Engle will speak at the Normal at 10 o'clock tomorrow morning during assembly of students. If she is not able to arrive here by that time, however, Prof. Ira Richardson, Normal president, said he would arrange for a speaking in the afternoon. It is not believed by Anderson Craig, who has the matter in charge, that she can be here in the morning, however.

TODAY IS APPLE DAY.

Men, Women and Children Are Urged to Eat Pomes.

Today is apple day everywhere.

Men, women and children from coast to coast and from the lakes to the gulf, are urged to eat one or more of the delicious pomes in observance of the national holiday and for their own welfare. It is a custom which was established ten years ago, and each succeeding year has become more generally observed.

With the apple trees sagging this fall in Missouri, with the big red, yellow and wine colored fruits, it behooves a Missourian anyway to pay attention to the command. Some one has asserted there are 197 ways of serving and eating apples, so that ample variety is assured.

A medical authority has this to say: "The manifold blessings of the apple have been often set forth. It is good for the physical man in many ways. It is an aperient, keeping the internal organs in good working order; it is a prophylactic or preventor of disease, owing to the medicinal value of its juice; it is soothing in fever, a foil to headaches, a general regulator and dietic. Easily digestive itself, it aids in digesting other foods. Nobody ever got sick from eating ripe apples. They cure, but never cause indigestion. An apple after smoking counteracts the effect of nicotine. As an antidote to alcoholism apples have been proved a sovereign remedy. A regular apple eater will never contract the liquor habit."

MRS. C. H. JOHN DIES

Minister's Wife Succumbs—Funeral Thursday Afternoon at the Home.

Mrs. Abigail John, the wife of the Rev. Cephas H. John, died at 11 o'clock last night at the family residence, 613 South Buchanan street.

The funeral services will be held at the home at 2 o'clock Thursday afternoon, conducted by the Rev. Gilbert S. Cox, pastor of the First Methodist church, assisted by Dr. W. B. Christy and the Rev. W. H. Welton of Skidmore. The interment will be in Miriam cemetery. The body will lie in state from 10 until 12 o'clock Thursday at the residence.

Mrs. John had been in failing health for several years and her death was not unexpected. After an illness of months she rallied and had been much better for several weeks, when she again became very ill and her condition for a week past had been critical. She was born in Montgomeryshire, North Wales, coming to America with her parents when a very small girl. The family settled in Utica, N. Y., and later moved to Illinois. She was married to Mr. John at Chenoa, Ill., April 7, 1868. In 1876, with her husband and family, she came to Missouri. Mr. John was identified with the north Missouri conference and held pastorates since that time at various places in the northern part of the state. Ten years ago, when Mr. John retired from active ministry, the family came to Maryville to reside.

Mrs. John is survived by her husband and three children. They are W. E. John of Des Moines, Ia.; Mrs. Russell Martin of Elso, Mont., and Edwin, living at home. Mr. and Mrs. W. E. John and daughter, and Mrs. Martin and children reached Maryville before their mother's death. Mrs. John was the last surviving member of her family. Two cousins are residents of this city, Mrs. H. T. Crane and J. M. Evans.

Visiting at Hopkins.

Mrs. J. W. Raines and daughter, Zoe, of Boise, Idaho, are visiting at the home of Mr. and Mrs. William Jeffers of Hopkins. The visitors are en route home from an extended visit in Virginia.

NAVAL BATTLE ON

BELIEVE TURKEY FIGHTS RUSSIANS IN BLACK SEA.

JAPS POSSESS ISLANDS

Nippon Fleet Takes German Property Near Guam—Teutons and Allies Fight on French Soil.

London, Oct. 20.—A dispatch from Copenhagen to the Central News says the Berliner Tagenblatt publishes a telegram from Bucharest saying that evidently a big Russian-Turkish naval battle has taken place in the Black sea. Exceedingly heavy firing lasting a considerable time is reported to have been heard in that quarter.

The fact that a strained relation has been existing for several days between those two countries, and that Turkey is friendly towards Germany, is accepted as an indication that the naval battle in the Black sea was between those two principalities.

The Japanese fleet has taken possession of a small group of islands near Guam, belonging to Germany.

A great battle is raging at four points in eastern France and Belgium between the allies and the Germans.

PASSES WORTHLESS CHECKS

Youth, 13, is Fined Twice on Plea—Maryville Merchants Victims.

Francis Curry, the 13-year-old son of Marion Curry, a farmer living in Toad Hollow, near Clearmont, was fined $1 on each of two counts by Justice Warren L. Johnson this afternoon, after Francis had pleaded guilty to having passed worthless checks. The costs amounted to about $25. A light fine was given on recommendation of Prosecuting Attorney Geo. Pat Wright, that the boy may be given another chance.

Both checks which young Curry was specifically charged with passing, were on the Real Estate bank. One was given to R. W. Pettit of the Toggery Shop and the other to Mose Nusbaum. Each was for $1. He is alleged to have also passed a number of other checks on that bank, each for $1.

Young Curry was brought back from an Illinois town, where he was visiting at the time, his father having at one time lived there. He is said to have tried to pass checks there and at several places in Iowa.

COLLECTING OLD MAGAZINES.

Club Women Making Periodical Gathering Today For Annual Shipment

The members of the city federation of women's clubs are making their monthly canvass today for "Magazine Day." The success of the first venture last spring induced the women to make the event an annual one. The magazines are stored in a room in the Howendobler barn and shipment will be made next spring. In order to remove the accumulation from the business houses who save old magazines for the club women, they make a monthly gathering.

FORMER RESIDENT DIES.

Word Received of the Death of Mrs. Mills at Tulsa.

Word was received in Maryville today of the death of Mrs. S. B. Mills, a former resident of this city, who died Saturday at her home in Tulsa, Okla.

Mr. Mills was in the employ of the Maryville Tribune while he and his wife lived here. They made their home for several years here and about nine years ago moved to Hiawatha, Kansas, going from there to Tulsa. They had just completed the building of a new $4,000 home at Tulsa. Mrs. Mills death followed an illness of a few days.

Reject Street Sweeper.

Because it did not eliminate the dust, the street committee of the city council has rejected the new enclosed street sweeper which was recently ordered. It was given a thorough test yesterday afternoon, with the result that it is claimed no more dust is eliminated than by the one now owned by the city. It is priced at $450.

GIBRALTAR OF DEMOCRACY.

Government Official Lauds Missouri and Senator Stone for Faithfulness.

The following letters from the secretary of the interior, Franklin K. Lane and Secretary of the Navy Josephus Daniels, and A. S. Burleson, postmaster general, were read at the opening of the Democratic state campaign at Springfield, recently:

My Dear Mr. McClung: My interest in seeing the president secure an endorsement from the west, which can only be given him by way of the re-election to congress of men who have stood back of him and support his policies, leads me to express to you the hope that Missouri will recognize by a large vote of approval the splendid work done by Senator Stone.

Cordially yours,
FRANKLIN K. LANE.

My Dear Mr. McClung. For many years in Democratic circles Missouri has been the gibraltar of Democracy west of the Mississippi. From the time of Benton it has furnished leaders who have truly led for measure to promote the common weal. This was never truer tha ntoday, and in common with all who believe that the welfare of the republic at this time needs the election of able, forward looking men in the next congress. I am earnestly hoping that the Democrats of Missouri will uphold the hands of President Wilson and the cause of peace by re-electing Senator Stone and all the Democratic members of the house by increased majorities.

The record which the Missouri Democrats have made has brought them not only the approval of Democrats, but of progressive voters of all parties. In the senate the passage of twenty-five peace treaties and wise action on the grave international problems that have been before that body are due largely, if not chiefly, to the patriotic and able leadership of that great Missourian, William J. Stone, chairman of the committee of foreign relations. There has not been a time in a quarter of a century when that committee was charged with questions that so vitally touched the American people.

Senator Stone has promoted peace and concord with all nations, and his re-election will be a guarantee that this great committee will retain at its head a chairman who has measured up to the best traditions of our highest legislative forum.

Very sincerely yours,
JOSEPHUS DANIELS,
Secretary of the Navy.

Hon. D. C. McClung, Chairman Democratic State Committee:- I wish to avoid the appearance of intermeddling in your political affairs but cannot refrain from expressing my gratitude for the loyalty to our president and his administration, and the valuable services rendered to the nation by Senator William J. Stone and the other Democrats in congress from Missouri, and it is my earnest hope that the people of Missouri, without reference to political affiliations, will be vigilant and active in the coming election to assure the re-election of these men who have been so faithful to their trust.

A. S. BURLESON,
Postmaster General.

Baker Will Be Elected.

The Elmo Register, a Republican paper, says in last week's issue.

Dan Baker is making a fine canvass for the office of recorder of deeds of this county, and will be elected, we think. The only question is the size of his majority. His opponent is a good man and qualified, but has had the office four years, which is enough in an office that has been paying $4,000 a year. It has been many years since anyone has been elected recorder for a second term, and this year ought not to be an exception.—Elmo Register.

HOLT ON SHIP SEIZURES

Opposes Raid Upon Merchant Vessels During Times of War.

Washington, Oct. 20.—That the European war would start a determined effort to stop forever the capture and destruction of merchant vessels was predicted by George C. Holt of New York in an address here before the Maritime Law association of the United States, of which he is president.

"In the Crimean war," he said, "France and England allowed Russian ships six weeks to depart from ports unmolested after the declaration of war; Japan was allowed seven days, and Russia two, during the Russo Japanese war, and Spain thirty days and the United States five during the Spanish American war.

"But no sooner was this war declared," he added, "than the universal rapine began. It is reported that Great Britain detained ninety-five vessels which were in British ports, and Germany detained seventy-five British vessels in German ports at the outbreak of the war. All neutral ports in all parts of the world are crowded with idle ships of the belligerents. They lie moored to the wharves; their business is ruined and the commerce of the world is stopped in obedience to that relic of barbarism, the rule of international law that capture and destruction of an enemy's merchant vessel is justifiable in war."

Taft Would Reform Divorce Law.

Washington, Oct. 20.—Reform in marriage and divorce laws through uniform state legislation was urged by former President Taft in a brief address before the commission on uniform state laws. The former president condemned the "looseness with which the marriage tie is looked on in many states."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

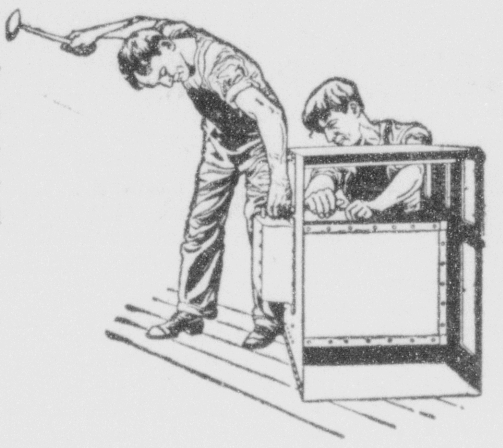
The Monarch in Course of Construction

Every door frame is Malleable iron, every angle bar is Malleable iron.

The Body of the Monarch

The inside wall is annelled steel, the center wall is of asbestos stove board, the outwall of American planished steel.



What is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat resisting iron used in range construction. Every joint in the Monarch is riveted and is gas and air tight. For the rivets are of the same temperment as the material they hold together thus making the expansion equal The construction of the fire box either makes or destroys the life and efficiency of the range and this is the Monarch's strongest point. Let us show why.

CATTLE PRICES DECLINE

Market Slower While Demand for Hogs and Sheep Increased Slightly.

Kansas City Stock Yards, Oct. 19.—A decline of 15 to 25 cents caught most of the cattle last week. Medium to common cows were an exception, some sales of western cows 10 to 15 cents higher late in the week. Veal calves sold steady to firm, tops $10.75. Receipts today are 32,000 head, not including 4,000 calves. Good cattle in nearly all classes are selling steady today, medium and low grades 10 to 15 cents lower. Texas and New Mexico furnished an extra large share of the run today, Oklahoma and Colorado contributing liberally, with comparatively light supplies from Kansas and Missouri. The Kansas men are not done, but many of them decided to hold of this week. Best fed natives here sold at $10.25. Features of today are sales of range calves and yearlings.

A string of New Mexico yearlings, 647 pounds average, sold to Clinton county, Missouri, men at $8.40, netting the owner $52 a head. Hereford heifer calves from Texas sold to Illinois parties, 206 head, 425 pounds average, at $8.65. Of course, the run carried a world of lower grade cattle at $6.00 up. Colorado beef steers sold at $6.90 to $7.25, stockers and feeders $6.25 to $7.40.

Kansas took one-half of the 35,000 stockers and feeders that went out from here last week, Missouri 7,000, Illinois and Iowa each 4,000. The Kansas men ran largely to steers weighing 900 to 1,050 pounds. Sales under $7 predominated, and a world of medium to plain kinds were bought under $6.50. Money matters are not as tight as a week ago, and released money naturally seeks investment in cattle, recognized as the most secure place it can be put. Receipts of quarantine cattle today are 114 cars, steers ranging from $5.15 to $6.75; cows, $3.85 to $5.85. The quarantine cow and canner market is a robust affair, local packers importing several big trains from outside points last week, besides taking everything here at stronger prices.

Hogs apparently reached the bottom of the forced decline last week, and packers seem content to let the market stand or fall on the legitimate influence of supply and demand. Accordingly strong markets prevailed the last three days of the week, but today prices are 10 to 15 cents lower, because of a big run at Chicago.

As indicating that packers have taken off their war paint, they paid the top price today, sheep and lambs are selling steady today, receipts 17,000 head. Demand for stuff to take out is strong, and a string of feeding lambs brought $6.85 today. Light feeders, however, sell at $6.25 to $6.30. Fat lambs brought $7.35 today, and fat ewes $4.25 to $4.75, prime ones worth $5. Young breeding ewes are worth $5 to $5.60, and aged ewes $4.40 to $5.

Will Leave for Des Moines.

Mrs. G. R. Sornelius of Des Moines, Ia., who has been spending several months in the city with her parents, Mr. and Mrs. John Murrin, will leave tomorrow morning for her home. She will be accompanied by her mother, who will spend a few weeks at Des Moines.

Fine Drunk $2.

L. J. Doran of St. Joseph pleaded guilty to drunkenness and was fined $2 and costs in police court this morning. He paid.
